COMMERCIAL BUILDING PANEL PROFILE SELECTIONS

PBR PANEL

REVERSE PBR PANEL

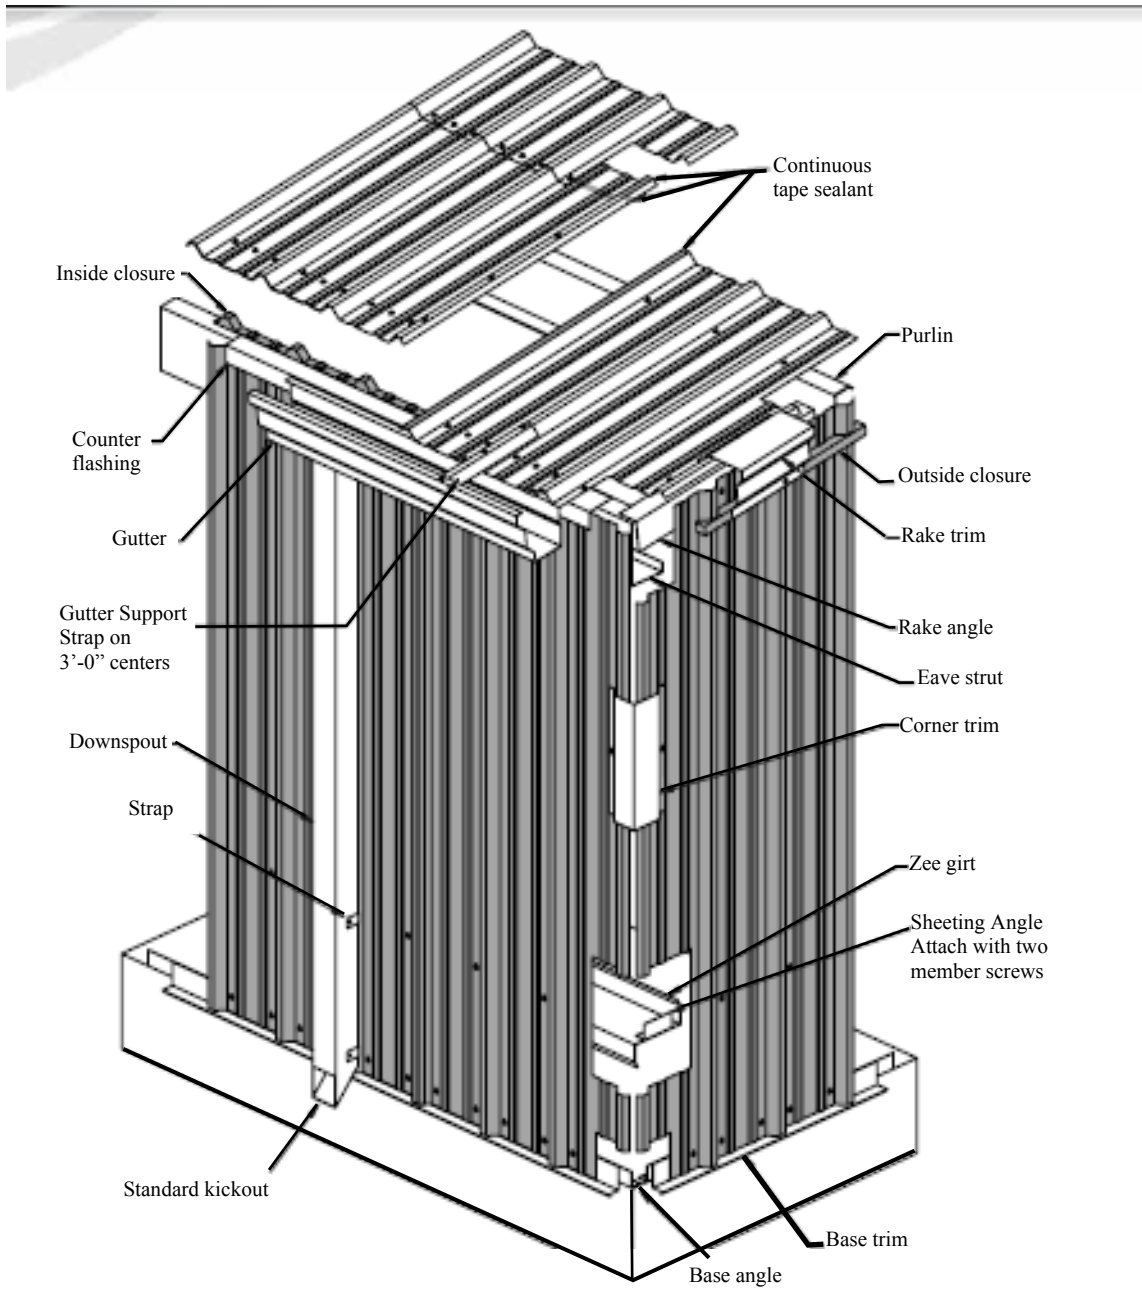

PANEL FINISH	GAUGE	MINIMUM THICKNESS	SUBSTRATE	COATING	WARRANTY	GRADE	WEIGHT (LFT)	PRICE
Clear Acrylic Resin	26	.0185	Galvalume®	AZ55	25	80	2.54#	\$3.87
SMP Standard Colors	26	.0185	Galvalume®	AZ50	40	80	2.54#	\$5.81

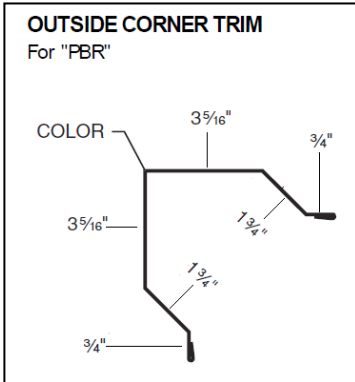

Pricing/Information Notes:

1. All Galvalume® panels are in conformance with ASTM A792 as per above specifications.
2. All Galvanized panels are in conformance with ASTM A653 as per above specifications.
3. The Clear Acrylic Resin on Galvalume® panels is a thin acrylic film intended to resist finger-printing and handling marks and to eliminate the use of lubricants in the roll-forming process. It is not a warranted film and could discolor during the weathering process.
4. Non-Warranted panels may contain shape and/or finish defects and are not rejectable or returnable for any reason. If higher quality is expected, please select a suitable warranted finish.
5. Length tolerance is 1/4" +/- of the ordered length.
6. Add a \$30.00 set-up charge for all reverse run panels.
7. Minimum panel length is 30".
8. Standard color selections are displayed on the current Mansea Metal Color Chart. For special colors, gauges or finishes, please inquire for pricing and availability.
9. Please inquire on large orders to verify available stock and delivery estimate.
10. All weights are estimates of actual material weights. Mansea Metal is not responsible for weight variances.
11. Edge of panels should never come in contact with concrete floor or sheeting notch. This will cause excessive edge creep and void the panel warranty.
12. Material should be inspected carefully prior to installation for any defects, including excessive oil-canning. Installation of material constitutes buyer acceptance.

RESIDENTIAL BUILDING PANEL PROFILE SELECTION

PANEL FINISH	GAUGE	MINIMUM THICKNESS	SUBSTRATE	COATING	WARRANTY	GRADE	WEIGHT (LFT)	PRICE
Clear Acrylic Resin	26	.0185	Galvalume®	AZ55	25	50	1.26#	\$3.33
SMP Standard Colors	26	.0185	Galvalume®	AZ50	40	50	1.26#	\$4.35

Pricing & Application Notes:

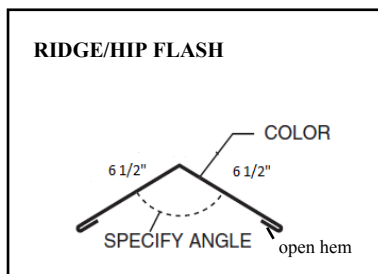

1. All Galvalume® panels are in conformance with ASTM A792 as per above specifications.
2. The Clear Acrylic Resin on Galvalume® panels is a thin acrylic film intended to resist fingerprinting and handling marks and to eliminate the use of lubricants in the roll-forming process. It is not a warranted film and could discolor during the weathering process.
3. Length tolerance is 1/4" +/- of the ordered length.
4. A minimum roof slope of 3:12 is required, installed over a flat 5/8" plywood deck.
5. "Oil-Canning" is not a cause for rejection.
6. Standard color selections are displayed on the current Mansea Metal color chart. For special colors, gauges, width, or finishes, please inquire for pricing and availability.
7. Please inquire on large orders to verify available stock and delivery estimate.
8. All weights are estimates of actual material weights. Mansea is not responsible for weight variances.
9. Material should be inspected carefully prior to installation for any defects, including excessive oil-canning. Installation of material constitutes buyer acceptance.
10. Standard panel is available with striations only.
11. 24 gauge panel is available in flat pan or with striations.

Packaging charges:

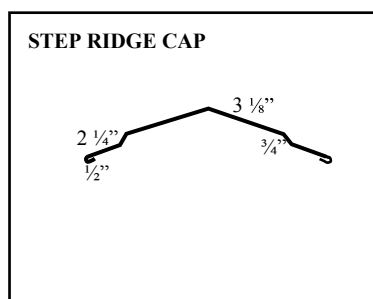

1. Price includes standard packaging and strippable film application.
2. Crating...\$100.00 (up to 15'-0) \$125.00 (15'-0 - 25'-0) \$150.00 (over 25'-0)
